

## SAFETY DATA SHEET

### Section 1: Identification

#### Product identifier

- **Product Name:** Peach Tree Borer Trap
- **Synonyms:** Insect pheromone lure and sticky glue trap
- **UPC No.:** 022179102712

#### Details of the supplier of the safety data sheet

- **Company:** Lawn and Garden Products, Inc.  
PO Box 35000  
Fresno, CA 93725  
Phone – (559) 499-2100
- **Emergency Number:** Chemtrec 24 Hr. - 800-424-9300

#### Relevant identified uses of the substance or mixture and uses advised against

- **Recommended use:** Insect Trap or Lure

None of the ingredients of this material meet the definition of "Hazardous Chemical" given in OSHA Hazard Communication Regulation 29 CFR 1910.1200(c). The information on this form is furnished as a customer service. All items meet current EPA and FIFRA registration requirements (EPA registration not required).

### Section 2: Hazard(s) Identification

#### Classification of the substance or mixture

- None of the ingredients of this material meet the definition of "Hazardous Chemical" given in OSHA Hazard Communication Regulation 29 CFR 1910.1200(c).

#### Label elements

- Does not require a hazard warning label in accordance with the Occupational Safety and Health Standards for Toxic and Hazardous Substances Part 1910.1200(b)(6).

#### Other hazards

- **Health:** Unlikely to cause irritation to the eyes, skin, or as an inhalant. Not volatile. Unlikely to cause adverse systemic health effects if ingested.
- **Environmental:** Neither ecological hazards nor bioaccumulation are expected, however, it is good practice to avoid spillage into the environment.
- **Additional Information:** Pure technical pheromone may be irritating to skin and

eyes. Apply according to good manufacturing and industrial hygiene practices with proper ventilation. Do not drink, eat or smoke while handling. Respect good personal hygiene.

### Section 3: Composition/Information on Ingredients

#### Mixtures

- **Chemical name:** Trade Secret.
- **Common name and synonyms:** Trade Secret.
- **Chemical Abstracts Service (CAS) number:** Trade Secret.
- **Impurities and stabilizing additives:** Trade Secret.

The chemical name and concentration (i.e., exact percentage) of all ingredients which are classified as health hazards and are:

- a) Present above their cut-off/concentration limits: None  
b) Present a health risk below the cut-off/concentration limits: None

The concentration (exact percentages) of each ingredient:

- a) A trade secret claim is made.

#### Chemicals where a trade secret is claimed

- The specific chemical identity and/or exact percentage (concentration) of composition has been withheld as a trade secret.

None of the trade secret ingredients are considered hazardous,  
None of the trade secret ingredients have a PEL established under OSHA regulations,  
None of the trade secret ingredients have a TLV established under OSHA regulations

### Section 4: First-Aid Measures

#### Description of first aid measures by relevant routes of exposure:

<b>SKIN:</b>	Remove any contaminated clothing. Wash skin with soap or mild detergent and water for at least 15 minutes. Thoroughly wash contaminated clothing or shoes before reuse.
<b>EYE:</b>	Check for and remove contact lenses. Flush with water for 15 min. Seek medical attention immediately.
<b>INHALATION:</b>	Remove to fresh air. Give oxygen if breathing is difficult. Get medical attention.
<b>INGESTION:</b>	Administer water and call a physician or poison control center immediately. Do not induce vomiting, unless directed to do so by medical personnel.

- **Most important symptoms and effects, both acute and delayed:**

Not known, not expected.

- **Indication of any immediate medical attention and special treatment needed:**  
Not known, not expected.

### Section 5: Fire-Fighting Measures

- **Extinguishing media:** CO<sub>2</sub>, foam, dry chemical.

#### **Advice for firefighters:**

- Use standard firefighting procedures.

### Section 6: Accidental Release Measures

#### **Emergency procedures**

- **Spill or leak procedures:** Standard absorbents can be used.

#### **Personal precautions and protective equipment**

- **Respiratory protection:** For emergencies, or instances where the exposure levels are not known, use a full-face piece positive-pressure, air-supplied respirator.
- **Protective gloves:** Recommended.
- **Eye protection:** Recommended.
- **Other protective equipment:** Impervious protective clothing including boots, gloves.

### Section 7: Handling and Storage

#### **Handling**

- **Respiratory protection:** Usually not required. For conditions of use where exposure to the substance is apparent and engineering controls are not feasible, consult an industrial hygienist. For emergencies, or instances where the exposure levels are not known, use a full-face piece positive-pressure, air-supplied respirator.
- **Ventilation:** A system of local and/or general exhaust is recommended to keep employee exposure as low as possible.
- **Protective gloves:** Rubber gloves recommended.
- **Eye protection:** Splash-proof safety glasses recommended.

- **Other protective equipment:** Safety shower, eye wash.

**Storage**

- **Specific storage requirements:** Keep in a tightly closed container, stored in a cool, dry, ventilated area away from any area where the fire hazard may be acute. Protect against freezing, physical damage and excess heat.

**Section 8: Exposure Controls/Personal Protection**

**Exposure controls:** No further data; see section 7.

**Personal protective equipment:** No further data; see section 7.

**Section 9: Physical and Chemical Properties**

**Material description**

<b>Appearance</b>	Colorless liquid absorbed into rubber lure	<b>Odor</b>	Very mild, oil
<b>pH</b>	Not applicable	<b>Odor threshold</b>	Not known
<b>Vapor pressure</b>	Not found	<b>Vapor density of liquid @ 25°C</b>	>1
<b>Viscosity</b>	Not known	<b>Relative density of liquid @ 25°C</b>	0.8800:0.9000
<b>Freezing point</b>	Not found	<b>Boiling point of liquid</b>	140°C @ 0.5 mm Hg
<b>Solubility</b>	Insoluble in water	<b>Evaporation rate</b>	Not known
<b>Flash point of liquid</b>	230°F (110°C)	<b>Flammability (solid, gas)</b>	Flammable
<b>Auto-ignition temperature</b>	Not found	<b>Decomposition temperature</b>	Not known
<b>Upper/lower flammability or explosive limits</b>	Not known	<b>Partition coefficient: n-octanol/water</b>	Not known

**Section 10: Stability and Reactivity**

**Reactivity**

- Presents no special reactivity hazard.

### Chemical stability

- Stable under ordinary conditions of use and storage.
- No stabilizers needed to maintain chemical stability.
- Should the product change in physical appearance, no safety issues expected.

### Other

- **Hazardous polymerization:** None.
- **Conditions to avoid:** Presents no special reactivity hazard.
- **Materials to avoid:** Strong oxidizing agents.
- **Known or anticipated hazardous decomposition products:** None.

## Section 11: Toxicological Information

### Information on likely routes of exposure

- **Primary route(s) of entry:** Skin, eyes.

### Information on toxicological effects

- **Acute effects:** Full strength may be irritating to skin and eyes.
- **Most important symptoms and effects, both acute and delayed:** Not known, not expected.
- **RTECS numbers:** Not applicable.
- **Irritation data:** Not available.
- **Toxicity data:** Not available.
- **Threshold Limit Value (TLV):** Not established.
- **OSHA Permissible Exposure Limit (PEL):** Not established.
- **Listed as a carcinogen by NTP, IARC, or OSHA?** No.

## Section 12: Ecological Information

### General

- Prevent contamination of soil, ground- and surface water.

### Toxicity

- **Aquatic and/or terrestrial toxicity:** Not available.
- **Persistence and degradability:** Not known.

### Behavior in environmental systems

- **Bioaccumulative potential:** Not available.
- **Mobility in soil:** Not known.

- **Additional ecological information:** Not known.

### Section 13: Disposal Considerations

#### Disposal

- Whatever cannot be used, saved for recovery or recycling should be managed in an appropriate and approved waste disposal facility. Dispose of container and unused contents in accordance with federal, state and local requirements.

### Section 14: Transport Information

No restrictions.

### Section 15: Regulatory Information

- **European information:** There were no toxicological studies in the published literature to assign risk and safety phrases.
- **Reviews, standards, and regulations:** EPA TSCA Section 8(B) chemical inventory

### Section 16: Other Information

#### **DISCLAIMER OF WARRANTIES AND LIMITATION OF LIABILITY**

THE INFORMATION IN THIS MSDS WAS OBTAINED FROM SOURCES WHICH WE BELIEVE ARE RELIABLE. HOWEVER, THE INFORMATION IS PROVIDED WITHOUT ANY WARRANTY, EXPRESS OR IMPLIED REGARDING ITS CORRECTNESS. COMPANY MAKES NO REPRESENTATIONS OR WARRANTIES, EITHER EXPRESS OR IMPLIED, OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR OF ANY OTHER NATURE WITH RESPECT TO THE INFORMATION OR THE PRODUCT TO WHICH THE INFORMATION REFERS. COMPANY'S SOLE AND EXCLUSIVE LIABILITY WITH RESPECT TO PRODUCTS PROVIDED TO COMPANY'S SATISFACTION TO BE DEFECTIVE OR NONCONFORMING SHALL BE THE REPLACEMENT OF SUCH PRODUCTS WITHOUT CHARGE OR REFUND OF THE PURCHASE PRICE UPON THE RETURN OF SUCH PRODUCTS IN ACCORDANCE WITH COMPANY'S INSTRUCTIONS. THIS REMEDY, IN THE MANNER PROVIDED HEREIN, SHALL CONSTITUTE FULFILLMENT OF ALL LIABILITIES OF COMPANY, WHETHER BASED ON CONTRACT, TORT OR OTHERWISE WITH RESPECT TO,

OR ARISING OUT OF THE PRODUCTS. COMPANY SHALL NOT BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, CONTINGENT OR SPECIAL DAMAGES.
